

# Adult Seat / Child Step

Each seat/step has a slip resistant surface molded into the top of each step.

The seat/step is a great addition to any baptistry. With 4 rubber suction cups attached to the bottom of the seat/step, it can easily be added to or removed from your baptistry.

The seat/step will not work with all PCT baptisteries. Contact PCT or an Authorized Dealer to make sure the seat/step will work for you.

Available in 4 colors:

 Aqua

 Blue
